

FA FRIENDS OF THE ARCHIVES
OF THE SOCIETY OF APOTHECARIES

Spring Lecture
MONDAY 25th March 2019 6 - 8pm

We are delighted to welcome our **Guest Lecturer, Andrew Wallington-Smith** who will talk on

Apollo Inside and Out
Principal Displays of the Society's arms

Andrew Wallington-Smith is the recently retired Clerk to the Society. He has long had an interest in heraldry and Scottish history and is a Fellow of the Society of Antiquaries of Scotland. With Past Master William Shand he has been researching all the heraldry of the Hall and they hope to produce a book about this in due course. This talk looks particularly at the representations of the Society's arms, both inside and out. They may all look the same to the untutored eye but they are indeed different and of varying ages. Many of you will have heard Andrew speak before and know how engaging he is.

The lecture will be followed by an opportunity to meet friends old and new over wine and canapés. Please bring along any guests who might be interested in our activities.
