APPLICATION FOR STUDENT ELECTIVE PRIZE

The Student Elective Prize exists to provide assistance to a medical student elective in the field of conflict and catastrophe medicine. Applicants must be currently enrolled in a UK medical school and have submitted an abstract outlining the planned elective and its relevance to conflict and catastrophe medicine. The winner will be expected to make a short presentation to the Faculty after they have completed their elective.

****All applications are anonymous; therefore do not include your name on the abstract. The details below are only for administrative purposes. Please submit your abstract on a separate page.**
