FRIULI VENEZIA GIULIA

PLEASE NOTE REVISED DATES: SUNDAY 13TH TO FRIDAY 18TH JUNE 2021

Grand Canal, Trieste

DAY 4 Wednesday 16 June: Trieste

A sea-port city, and the capital of Friuli, Trieste is situated between the Adriatic Sea and Slovenia. Its history has been shaped by its location at the crossroads of Latin, Slavic, and Germanic cultures. Settled since ancient times, its heyday was as the most important Hapsburg seaport and the fourth largest city of the Empire. At the time of the C19th *fin de siècle*, Trieste was an important centre for literature and music, and then played an important role in the East/West struggle after the end of the second World War. We visit the *Cathedral of San Giusto* with some surviving Byzantine mosaics, and walk through the C18th Hapsburg *Borgo Teresiano*, visiting the *Serbian Orthodox church of San Spiridone* and the *Greek Orthodox church of San Nicolo*. We will end the morning with a visit to the superb collection of 19-20th century painting and sculpture in *Museo Revoltella* in the mansion of a 19th century businessman. **Lunch** is provided. In the afternoon we drive around the **Bay of Trieste** to the promontory of Grignano where we visit the *Castello Miramare*, built in the later C19th for Archduke Ferdinand Maximilian of Hapsburg. **Dinner** in the hotel.

DAY 5 Thursday 17 June: Pordenone, Spilimbergo & Portogruaro

A day spent visiting some of the typical towns of Friuli, picturesque and colourful. In the morning we drive to **Pordenone**, the so-called "painted town", due to its frescoed palaces, its churches, and its painted squares (it is also famous for chocolate). We will then drive to **Spilimbergo** to visit the outstanding school of mosaics for a brief lecture and watch some students at work. **Lunch** is provided, and in the afternoon, we visit **Portogruaro**, a pretty town with a Venetian feel to it due to its elegant palaces. You will be free to wander around the town. **Farewell dinner** at local restaurant.

DAY 6 Friday 18 June

Morning hotel check out, and departure at 10:00. We drive north west of Udine for a visit to the medieval **Castello di Villalta**, (shown below) set on a hillside with fabulous views towards Udine and considered one of the most beautiful castles in the region. **Lunch** will be provided *en route* to the airport.

Friuli Venezia Giulia at the north-eastern end of the Adriatic, is a cluster of Italian provinces between the Alps and the coast, bordered by Slovenia and Austria. Settled in prehistoric times by the Castellieri civilisation, and in the 4th century BC by Celtic tribes, from the 2nd century BC, Friuli was colonised by the Romans - Aquileia was the fourth largest city of Italy, and the first area in Italy to adopt Christianity. After the fall of the Western Roman Empire, the Patriarchate of Aquileia was one of the highest ecclesiastic authorities in Italy. Cividale (originally founded by Julius Caesar around 50BC) later become one of the main centres of the Lombard kingdom. The conquests of Charlemagne (748-814AD) brought it into the Frankish Empire and after centuries of war the province was divided between Venice and the Austrian Hapsburgs. All these invaders and settlers shaped the culture of the area and this tour will explore the art and architecture they left, in this most lovely and secluded region of Italy where we visit some of Italy's most beautiful villages.

We will stay 5 nights at the 4 star Hotel Astoria in central Udine, which was a residential villa in the 14th century. After a succession of aristocratic owners, the building was transformed into an elegant hotel, initially named "Gran Hotel Europa" and then "Grande Albergo d'Italia".
