Burns Night Celebration by Zoom
An evening to celebrate the Bard and
things Scottish,
with Dr Mike Gibson
Monday 25th January 2021, 6.30-8.00pm

Burns night celebrates the life and enduring legacy of Robert Burns, the great Scottish poet, who penned more than 550 poems before his death in 1796 at the age of 37.

The Livery Committee invites fellow Apothecaries to celebrate this with us. Given the uncertainties over the ongoing coronavirus situation, we feel this should be done by Zoom teleconferencing.

Have you ever wondered about bagpipes? Who ever thought they would be a good idea? Where did they come from? And, Scotland's most famous export is arguably Scotch whisky. We will be tasting a selection throughout the evening, and explaining how it is best drunk. Those who do not wish to sample the whisky will enjoy the story of how it's made as well as the history of the kilt and bagpipes, items which perhaps we all associate with Scotland, but in fact are spread worldwide

We look forward to hearing from you, and look forward to a splendid evening!
